VANCOUVER, BC – April 30, 2021 – Goldsource Mines Inc. (“**Goldsource**” or the “**Company**”) is pleased to announce that in connection with its previously announced bought deal financing, the Company and Cormark Securities Inc. and Sprott Capital Partners (collectively the “**Underwriters**”) have agreed to increase the size of the previously announced financing. The Company will now issue 100,000,000 units of the Company (the “**Units**”) at a price of \$0.11 per Unit (the “**Offering Price**”) for gross proceeds of C\$11.0 million (the “**Offering**”). The Company has also granted the Underwriters an option to sell up to an additional 15,000,000 Units at the offering price up to the closing of the Offering, which would increase the aggregate gross proceeds to approximately C\$12.7 million if exercised in full.

Each Warrant will entitle the holder to acquire one Common Share of the Company at an exercise price of \$0.14 for a period of 24 months following the closing of the Offering.

The net proceeds from the Offering will be used for ongoing exploration and pre-feasibility work at the Eagle Mountain Gold Project in Guyana, working capital and general corporate purposes.

The Offering is scheduled to close on or about May 20, 2021 and is subject to certain conditions including, but not limited to, the receipt of all necessary regulatory and other approvals including the approval of the TSX Venture Exchange (“**TSXV**”).
