

GOLDSOURCE MINES INC.

ANNUAL GENERAL MEETING OF SHAREHOLDERS

INFORMATION CIRCULAR

GENERAL INFORMATION

This Information Circular is furnished to the holders (“shareholders”) of common shares (“Common Shares”) of Goldsource Mines Inc. (the “Company”) by management of the Company in connection with the solicitation of proxies to be voted at the annual general meeting (the “Meeting”) of the shareholders to be held at SFU Morris J Wosk Centre for Dialogue, Room 320, 580 West Hastings Street, Vancouver, British Columbia on Thursday, May 31, 2018 at 11:00 a.m. (Vancouver time) and at any adjournment thereof, for the purposes set forth in the accompanying Notice of Meeting.

PROXIES

Solicitation of Proxies

The enclosed Proxy is solicited by and on behalf of management of the Company. The persons named in the enclosed Proxy form are management-designated proxyholders. A registered shareholder desiring to appoint some other person (who need not be a shareholder) to represent the shareholder at the Meeting may do so either by inserting such other person’s name in the blank space provided in the Proxy form or by completing another form of proxy. To be used at the Meeting, proxies must be received by Computershare Trust Company of Canada (“Computershare”), Proxy Department, 100 University Avenue, 8th Floor, Toronto, Ontario M5J 2Y1 by 11:00 a.m. (Vancouver time) on May 29, 2018 or, if the Meeting is adjourned, by 11:00 a.m. (Vancouver time), on the second last business day prior to the date on which the Meeting is reconvened, or may be accepted by the chairman of the Meeting prior to the commencement of the Meeting. Solicitation will be primarily by mail, but some proxies may be solicited personally or by telephone by regular employees or directors of the Company at a nominal cost. The cost of solicitation by management of the Company will be borne by the Company.

Notice and Access Process

The Company has decided to take advantage of the notice-and-access provisions (“Notice and Access”) under the Canadian Securities Administrators’ National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“NI 54-101”) for the delivery of the Information Circular to its shareholders for the Meeting. The use of the alternative Notice and Access procedures in connection with the Meeting helps reduce paper use, as well as the Company’s printing and mailing costs.

Under Notice and Access, instead of receiving printed copies of the Information Circular, shareholders receive a notice (“Notice and Access Notification”) with information on the Meeting date, location and purpose, as well as information on how they may access the Information Circular electronically or request a paper copy. The Company will arrange to mail paper copies of the Information Circular to those registered and beneficial shareholders who have existing instructions on their account to receive paper copies of the Company’s proxy-related materials.

Non-Registered Holders

Only registered holders of Common Shares or the persons they appoint as their proxyholders are permitted to vote at the Meeting. In many cases, however, Common Shares beneficially owned by a holder (a “Non-Registered Holder”) are registered either:

- (a) in the name of an Intermediary (an “Intermediary”) that the Non-Registered Holder deals with in respect of the shares. Intermediaries include banks, trust companies, securities dealers or brokers, and trustees or administrators of self-administered RRSPs, RRIIFs, RESPs and similar plans, or
- (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited (CDS)) of which the Intermediary is a participant.

Non-Registered Holders who have not objected to their Intermediary disclosing certain ownership information about themselves to the Company are referred to as “NOBOs”. Those Non-Registered Holders who have objected to their Intermediary disclosing ownership information about themselves to the Company are referred to as “OBOs”.

In accordance with the requirements of NI 54-101, the Company has elected to send the Notice and Access Notification in connection with the Meeting directly to the NOBOs and indirectly through Intermediaries to the OBOs.

The Intermediaries (or their service companies) are responsible for forwarding the Notice and Access Notification to each OBO, unless the OBO has waived the right to receive proxy-related materials from the Company. Intermediaries will frequently use service companies to forward proxy-related materials to the OBOs. Generally, an OBO who has not waived the right to receive proxy-related materials will either:

- (a) be given a form of proxy which has already been signed by the Intermediary (typically by a facsimile, stamped signature), which is restricted as to the number of shares beneficially owned by the OBO and must be completed, but not signed, by the OBO and deposited with Computershare; or
- (b) more typically, be given a voting instruction form (“VIF”) which is not signed by the Intermediary, and which, when properly completed and signed by the OBO and returned to the Intermediary or its service company, will constitute voting instructions which the Intermediary must follow.

The Company will not be paying for Intermediaries to deliver to OBOs (who have not otherwise waived their right to receive proxy-related materials) copies of proxy-related materials and related documents (including the Notice and Access Notification). Accordingly, an OBO will not receive copies of proxy-related materials and related documents unless the OBO’s Intermediary assumes the costs of delivery.

Applicable proxy-related materials are being sent to both registered shareholders of the Company and Non-Registered Holders. If you are a Non-Registered Holder, and the Company or its agent has sent the applicable proxy-related materials to you, your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding on your behalf. By choosing to send these materials to you directly, the Company (and not the Intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

The Notice and Access Notification and any proxy-related materials sent to NOBOs who have not waived the right to receive proxy-related materials are accompanied by a VIF, instead of a proxy form. By returning the VIF in accordance with the instructions noted on it, a NOBO is able to instruct the voting of the common shares of the Company owned by the NOBO.

VIFs, whether provided by the Company or by an Intermediary, should be completed and returned in accordance with the specific instructions noted on the VIF. The purpose of this procedure is to permit Non-Registered Holders to direct the voting of the common shares of the Company which they beneficially own. Should a Non-Registered Holder who receives a VIF wish to attend the Meeting or have someone else attend on the Non-Registered Holder's behalf, the Non-Registered Holder may request a legal proxy as set forth in the VIF, which will grant the Non-Registered Holder, or the Non-Registered Holder's nominee, the right to attend and vote at the Meeting.

Non-Registered Holders should return their voting instructions as specified in the VIF sent to them. Non-Registered Holders should carefully follow the instructions set out in the VIF, including those regarding when and where the VIF is to be delivered.

Although Non-Registered Holders may not be recognized directly at the Meeting for the purpose of voting common shares of the Company registered in the name of their broker, agent or nominee, a Non-Registered Holder may attend the Meeting as a proxyholder for a registered shareholder and vote common shares in that capacity. Non-Registered Holders who wish to attend the Meeting and indirectly vote their common shares as proxyholder for the registered shareholder should contact their broker, agent or nominee well in advance of the Meeting to determine the steps necessary to permit them to indirectly vote their common shares as a proxyholder.

Revocability of Proxies

A registered shareholder who has given a Proxy may revoke it by an instrument in writing that is:

- (a) executed by the shareholder giving same or by the shareholder's attorney authorized in writing or, where the shareholder is a corporation, by a duly authorized officer or attorney of the corporation, and
- (b) delivered either to the registered office of the Company (19th Floor, 885 West Georgia Street, Vancouver, British Columbia V6C 3H4) at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, or to the chairman of the Meeting on the day of the Meeting or any adjournment thereof before any vote in respect of which the Proxy is to be used shall have been taken,

or in any other manner provided by law.

NOBOs who wish to revoke their voting instructions should contact Computershare at telephone number 1-800-564-6253. OBOs who wish to revoke a voting instruction form or a waiver of the right to receive proxy-related materials should contact their Intermediaries for instruction.

Voting of Proxies

Common Shares represented by a shareholder's Proxy form will be voted or withheld from voting in accordance with the shareholder's instructions on any ballot that may be called for at the Meeting and, if the shareholder specifies a choice with respect to any matter to be acted upon, the Common Shares will be voted accordingly.

In the absence of any instructions, the management-designated proxyholder named on the Proxy form will cast the shareholder's votes in favour of the passage of the resolutions set forth herein and in the Notice of Meeting.

The enclosed Proxy form confers discretionary authority upon the persons named therein with respect to (a) amendments or variations to matters identified in the Notice of Meeting and (b) other matters which may properly come before the Meeting or any adjournment thereof. At the time of printing of this Information Circular, management of the Company knows of no such amendments, variations or other matters to come before the Meeting other than the matters referred to in the Notice of Meeting.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

Only Common Shares carry voting rights at the Meeting with each Common Share carrying the right to one vote. The Board of Directors has fixed April 11, 2018 as the record date ("Record Date") for the determination of shareholders entitled to receive notice of and to vote at the Meeting and at any adjournment thereof, and only shareholders of record at the close of business on that date are entitled to such notice and to vote at the Meeting. As of the Record Date, 203,623,366 Common Shares were issued and outstanding as fully paid and non-assessable.

To the knowledge of the directors and executive officers of the Company, as at the Record Date, no person beneficially owned, or controlled or directed, directly or indirectly, shares carrying 10% or more of the voting rights attached to the Company's issued and outstanding Common Shares, except for the following:

VOTES NECESSARY TO PASS RESOLUTIONS AT THE MEETING

ELECTION OF DIRECTORS

The number of directors of the Company is currently fixed at four. The persons named below are the four nominees of management for election as directors, all of whom are current directors of the Company. Each nominee elected will hold office as a director until the next annual general meeting or until the director's successor is elected or appointed unless the director's office is earlier vacated under any of the relevant provisions of the Articles of the Company or the *Business Corporations Act* (British Columbia). It is the intention of the persons named as proxyholders in the enclosed Proxy form to vote for the election to the Board of Directors of those persons hereinafter designated as nominees for election as directors. The Board of Directors does not contemplate that any of such nominees will be unable to serve as a director; however, if for any reason any of the proposed nominees do not stand for election or are unable to serve as such, **proxies in favour of management designees will be voted for another nominee in their discretion unless the shareholder has specified in such shareholder's Proxy that such shareholder's shares are to be withheld from voting in the election of directors.**

Cease Trade Orders, Bankruptcies, Penalties or Sanctions

Other than as disclosed herein, none of the proposed directors is, as at the date of this Information Circular, or has been, within the ten years preceding the date of this Information Circular, a director, chief executive officer or chief financial officer of any company (including the Company) that

- (a) was subject to a cease trade or similar order or an order that denied the relevant company access to any exemption under securities legislation that was in effect for a period of more than 30 consecutive days (collectively, an “Order”), when such Order was issued while the person was acting in the capacity of a director, chief executive officer or chief financial officer of the relevant company; or
- (b) was subject to an Order that was issued after such person ceased to be a director, chief executive officer or chief financial officer of the relevant company, and which resulted from an event that occurred while the person was acting in the capacity of a director, chief executive officer or chief financial officer of the relevant company.

In December 2010, Graham C. Thody was a director of SilverCrest Mines Inc. (“SilverCrest Mines”) when SilverCrest Mines received notification of administrative proceedings from the United States Securities and Exchange Commission (“SEC”). This notification was issued as a result of a registration statement filed in 1999 by Strathclair Ventures Ltd., a predecessor company to SilverCrest Mines which was under different management until SilverCrest Mines assumed control in 2003. The order alleged that Strathclair (subsequently SilverCrest Mines) had not filed periodic reports with the SEC sufficient to maintain its registration in the

United States. Following discussions with the SEC and in order to remedy the situation, SilverCrest Mines entered into a consent order with the SEC dated January 10, 2011 through which SilverCrest Mines agreed to the revocation of the registration of its common shares under the United States Securities Exchange Act of 1934. As a result, broker-dealers in the United States were unable to effect transactions in the common shares of SilverCrest Mines. On May 31, 2011, SilverCrest Mines filed a registration statement on Form 40-F for the purpose of registering its common shares under the United States Securities Exchange Act of 1934. Upon the registration statement taking effect on August 1, 2011, broker-dealers in the United States were able to effect transactions in common shares of SilverCrest Mines in the United States. In connection with a plan of arrangement transaction among SilverCrest Mines, SilverCrest Metals Inc. and First Majestic Silver Corp. completed in October 2015, SilverCrest Mines ceased to be listed on any stock exchange or be a reporting issuer in any jurisdiction.

Other than as disclosed herein, no proposed director is, as at the date of this Information Circular, or has been, within the ten years preceding the date of this Information Circular, a director or executive officer of any company (including the Company) that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets.

No proposed director has, within the ten years preceding the date of this Information Circular, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of that person.

No proposed director has been subject to (a) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority, or (b) any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable security holder in deciding whether to vote for a proposed director.

Thody and Hodaly) and two directors who are not considered independent (Messrs. Fier and Tsitos). With the recommendation of the Chairman and the advice of legal counsel, the Board of Directors will evaluate situations on a case-by-case basis to determine whether the exercise of independent judgement is appropriate or

necessary under the circumstances. If deemed necessary or appropriate by the Board, the Board may appoint such special committees comprised of independent directors to consider any particular matter or transaction.

The existing and proposed directors of the Company who are presently directors of other reporting issuers in Canada or elsewhere are as set out below:

Ioannis Tsitos	Para Resources Inc. Alexandra Capital Corporation AsiaBaseMetals Inc. Altamira Gold Corp.
N. Eric Fier	SilverCrest Metals Inc.

When new directors are appointed, they receive orientation, commensurate with their previous experience, on the Company's properties, business, and industry.

Board meetings may also include presentations by the Company's management and employees to give the directors additional insight into the Company's business.

Ethical Business Conduct

The Company has adopted a Code of Business Conduct and Ethics which applies to the directors, officers and employees of the Company. The Board expects that fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law, as well as provisions under corporate legislation for required disclosures by directors and senior officers to the Company of transactions with the Company in which they may have an interest and of any other conflicts of duties and interests, will also ensure that these persons conduct themselves in the best interests of the Company.

Nomination of Directors

Any director is free to nominate individuals for election or appointment to the Board, however, the Corporate Governance and Compensation Committee has the principal responsibility with respect to selection and nomination of director nominees. The Committee is also responsible for developing qualification criteria for Board members for recommendation to the Board in accordance with the Canadian Securities Administrators' National Policy 58-201 – *Corporate Governance Guidelines*. The Committee also has the sole authority to retain and terminate any search firm to be used to identify director candidates and has the authority to approve the search firm's fees and other retention terms.

In making its recommendations to the Board regarding director nominees, the Committee shall consider:

- (a) the appropriate size of the Board;
- (b) the competencies and skills that the Board considers to be necessary for the Board, as a whole, to possess;
- (c) the competencies and skills that the Board considers each existing director to possess;
- (d) the competencies and skills each new nominee will bring to the Board, and
- (e) whether or not each new nominee can devote sufficient time and resources to the nominee's duties as a director of the Company.

Compensation

The Corporate Governance and Compensation Committee reviews annually the adequacy and form of compensation of the directors and executive officers of the Company to ensure that the compensation realistically reflects the responsibilities and risks involved in being an effective director or executive officer.

In evaluating (or making recommendations to the Board of Directors with respect to) the level of compensation for the executive officers, the Corporate Governance and Compensation Committee reviews and considers the Company's corporate goals and objectives relevant to compensation for its executive officers and evaluates the performance of each executive officer in light of those corporate goals and objectives. If applicable, in considering the compensation for executive officers other than the Executive Chairman, the Committee takes into account the recommendation of the Executive Chairman.

All compensation arrangements between the Company and any director or executive officer of the Company or between any subsidiary of the Company and any director or executive officer of the Company must be approved by the Corporate Governance and Compensation Committee.

Other Board Committees

The Board of Directors of the Company has no standing committees other than the Audit Committee and the Corporate Governance and Compensation Committee.

Assessments

The effectiveness of the Board of Directors as a whole, any committee of the Board and individual directors is assessed on an ongoing basis by the Board, the Corporate Governance and Compensation Committee and senior management.

Stock Option Plans and Other Incentive Plans

Options may be granted to purchase Common Shares on terms that the Board of Directors may determine, with recommendations from the Corporate Governance and Compensation Committee and subject to the limitations of the Company's prevailing stock option plan and the requirements of applicable regulatory authorities. The Corporate Governance and Compensation Committee is mandated to review and make recommendations to the

Board regarding the remuneration of executive officers, the granting of stock options to directors, executive officers, employees and consultants of the Company, and compensation policies, including the stock option plan.

Individual grants of stock options are determined by an assessment of the individual's current and expected future performance, level of responsibilities, the importance of the proposed optionee's position and contribution to the Company, and previous option grants and exercise prices.

The Company has a "rolling 10%" Stock Option Plan (the "Option Plan") which was adopted by the Board of Directors on April 11, 2014 and first approved by the shareholders of the Company on June 11, 2014. The Option Plan includes the following provisions:

- The Option Plan is administered by a "Committee" which means the Board of Directors of the Company or such committee of the Board of Directors that the Board of Directors has designated to administer the Option Plan;
- Options may be granted to employees, directors, executive officers and consultants of the Company or of a subsidiary of the Company (and such other persons permitted by the TSX Venture Exchange ("TSX-V") to be granted options) who are in the opinion of the Committee in a position to contribute to the success of the Company or any subsidiary of the Company or who, by virtue of their service to the Company or to any subsidiary of the Company (or to any predecessors of the Company or a subsidiary of the Company) are, in the opinion of the Committee, worthy of special recognition;
- The number of Common Shares to be reserved and authorized for issuance pursuant to options granted under the Option Plan is 10% of the issued and outstanding Common Shares from time to time;
- The aggregate number of optioned Common Shares granted within a 12-month period to any one optionee must not exceed 5% of the issued and outstanding Common Shares;
- The number of optioned Common Shares granted within a 12-month period to any one consultant must not exceed 2% of the issued and outstanding Common Shares;
- The aggregate number of optioned Common Shares granted within a 12-month period to optionees who are employed to provide investor relations activities must not exceed 2% of the issued and outstanding Common Shares of the Company;
- The aggregate number of optioned Common Shares granted within a 12-month period to insiders of the Company must not exceed 10% of the issued and outstanding Common Shares;
- The exercise price for options granted under the Option Plan will not be less than the market price of the Common Shares less applicable discounts permitted by the TSX-V. The Company has followed the practice of granting all stock options at or above the market price of the Common Shares;
- Options may be exercisable for a term of up to ten years, subject to earlier termination in the event of death or the optionee's cessation of services to the Company or to extension if the expiry date is within a trading blackout period imposed by the Company to that date which is 10 business days after the trading blackout;

- Options granted under the Option Plan are non-assignable and non-transferable, except by will or the laws of descent and distribution;
- Options granted to any optionee who is a director, executive officer, employee or consultant shall expire the earlier of: (a) that date which is 90 days after the optionee ceases to be in at least one of such categories unless an earlier date is provided for in the optionee’s option agreement; and (b) the expiry of the option period. The Committee may extend the mentioned 90-day period in respect of any option for a specified period up to one year;
- For so long as the Common Shares are listed on the TSX-V, any Common Shares issued pursuant to the exercise of options that (a) were granted to an optionee who was a director, officer, promoter or significant shareholder of the Company; or (b) had an exercise price per share that was less than the market price, would be subject to a four-month hold period commencing on the date of grant of the option;
- The Committee may, in its discretion but subject to any necessary regulatory approvals, provide for the extension of the exercisability of an option for any period that is not beyond the applicable expiry date of the option, accelerate the vesting or exercisability of an option, eliminate or make less restrictive any restrictions governing an option, waive any restriction or other provision of the Option Plan or an option or otherwise amend or modify the option in any manner that is either (a) not adverse to such optionee or (b) consented to by such optionee;
- The vesting schedule for each option shall be determined by the Committee at the time the option is granted and shall be specified in the option agreement in respect of the option; and
- If there is a takeover bid or tender offer made for all or any of the issued and outstanding Common Shares, then the Committee may, by resolution, permit all outstanding options to become immediately exercisable in order to permit the Common Shares issuable under such options to be tendered to such bid or offer.

As the Option Plan is a “rolling percentage plan”, the TSX-V requires the Option Plan to be approved yearly by the shareholders of the Company. The Option Plan was last approved by the shareholders of the Company at the 2017 annual general meeting and renewal shareholder approval will be sought at the Meeting. See “Particulars of Other Matters To Be Acted Upon — Stock Option Plan”.

Employment, Consulting and Management Agreements or Arrangements

Nicholas Campbell, CFO

By agreement dated January 1, 2016, the Company entered into a management agreement (the “Campbell Agreement”) with Campbell Advisory, a company wholly-owned by Nicholas Campbell, whereby the Company retained Campbell Advisory to provide executive, managerial and consulting services to the Company and, in particular, to provide the services of Mr. Campbell to serve as Chief Financial Officer of the Company. In consideration for the services of Campbell Advisory, the Company agreed to pay Campbell Advisory consulting fees payable in equal monthly instalments. See “Table of Compensation Excluding Compensation Securities” for actual amounts paid to Campbell Advisory. Effective September 1, 2017, the Company and Campbell Advisory mutually agreed to terminate the Campbell Agreement. Mr. Campbell continues to serve as CFO of

the Company and any compensation paid by the Company in respect of Mr. Campbell’s services as CFO is paid indirectly to Mr. Campbell pursuant to the Cost Sharing Agreement with SilverCrest. The Company and SilverCrest share salaries, administrative services, and other reimbursable expenses.

N. Eric Fier, Executive Chairman, COO and Director

By agreement dated June 16, 2010, the Company entered into a management agreement (the “Maverick Agreement”) with Maverick Mining Consultants Inc. (“Maverick”), a company wholly-owned by N. Eric Fier, whereby the Company retained Maverick to provide executive, managerial and consulting services to the Company and, in particular, to provide the services of Mr. Fier to serve as Chief Operating Officer of the Company. In consideration for the services of Maverick, the Company agreed to pay Maverick consulting fees at the base rate of \$120,000 per year plus applicable taxes, payable in equal monthly instalments. The Maverick Agreement is subject to annual renewal unless earlier terminated in accordance with its terms. Pursuant to an amendment dated March 1, 2017, Maverick agreed to a temporary reduction of 100% in the annual base consulting fee effective for fiscal 2017. The Maverick Agreement was subsequently amended January 31, 2018 effective January 1, 2018 to reduce the annual base consulting fee by 50% until such time as business activity of the Company increased, at which time payment of the full original annual base consulting fee of \$120,000 would resume.

Ioannis Tsitos, President and Director

In March 2014, the Company entered into a management agreement (the “Laurium Agreement”) with Laurium Mining Services Inc. (“Laurium”), a company wholly-owned by Ioannis Tsitos, whereby the Company retained Laurium to provide executive, managerial and consulting services to the Company and, in particular, to provide the services of Mr. Tsitos to serve as President of the Company. In consideration for the services of Laurium, the Company agreed to pay Laurium consulting fees at the base rate of \$150,000 per year (plus applicable taxes), payable in equal monthly instalments. The Laurium Consulting Agreement is subject to annual renewal unless earlier terminated in accordance with its terms.

Termination and Change of Control Benefits

Each of the Maverick Agreement and the Laurium Agreement (collectively, the “Management Agreements”) currently in effect have termination and change of control provisions. The table below summarizes the estimated incremental payments related to termination scenarios under the Management Agreements assuming the events occurred on December 31, 2017.

Consultant (NEO or Director)	Termination without Cause	Change of Control
Laurium (Ioannis Tsitos)	\$165,000	\$330,000 ⁽¹⁾
Maverick (N. Eric Fier)	\$180,000	\$240,000 ⁽²⁾

(1) Payable in the event of termination within six months of a change of control.

(2) Payable in the event of termination within six months of a change of control or resignation within three months of a change of control.

The Management Agreements provide that the consultant under the Management Agreement (each a “Consultant”) may terminate its engagement with the Company upon three months’ written notice to the Company, unless the Company is in material default under the agreement, in which event the Consultant may, if

such default has not been cured by the Company within 15 days of notification of such default, terminate its engagement upon 30 days' written notice to the Company.

The Maverick Agreement also provides that the Company may terminate its engagement with Maverick:

- (a) upon three months' written notice to Maverick; or
- (b) immediately upon written notice of said termination provided that the Company pays Maverick an amount equal to one-half times of the then applicable annual base rate consulting fee; however, this amount would be adjusted in the event of a change of control of the Company, as described below.

The Laurium Agreement also provides that the Company may terminate its engagement with Laurium:

- (a) immediately upon written notice to Laurium in the event of a material breach by Laurium; or
- (b) for any other reason, immediately upon written notice of said termination provided that the Company pays Laurium an amount equal to one times both the then applicable annual base rate consulting fee plus any bonus paid or payable to Laurium in respect of the most recently completed financial year; however, this amount would be adjusted in the event of a change of control of the Company, as described below

Each Management Agreement also provides that in the event that there is a change of control of the Company (as defined in the respective Management Agreements) and within six months after such event, the Company delivers written notice to the Consultant terminating its respective Management Agreement, the Company shall, upon the effective date of termination,

- (a) pay to Maverick the greater of (i) any remaining balance of the term of the Maverick Agreement at the then applicable base rate payable to Maverick, and (ii) an amount equal to two times the then applicable base rate; and
- (b) pay to Laurium an amount equal to two times both the then applicable base rate plus any bonus paid or payable to Laurium in respect of the most recently completed financial year.

Directors

The Company has no standard arrangement pursuant to which the non-executive directors of the Company are paid cash compensation by the Company for their services in their capacity as directors or committee members. During the financial year ended December 31, 2017, the Company paid no cash or other compensation to any non-executive director of the Company for the director's services as a director or in any other capacity or under any other arrangement.

Oversight and Description of Director and Named Executive Officer Compensation

The Company has established a Corporate Governance and Compensation Committee that is currently comprised of three members (Haytham Hodaly, Graham C. Thody and Ioannis Tsitos), with Messrs. Hodaly and Thody being independent members. These persons have the necessary experience to enable them to make decisions on the suitability of the Company's compensation policies or practices.

Executive and Employee Compensation Objectives and Philosophy

The Board of Directors recognizes that the Company's success depends greatly on its ability to attract, retain and motivate superior performing employees, which can only occur if the Company has an appropriately structured and implemented compensation program.

The principal objectives of the Company's executive compensation program are as follows:

- (a) to attract and retain qualified executive officers, which includes having compensation that is competitive within the marketplace;
- (b) to align executives' interests with those of the shareholders; and
- (c) to reward demonstration of both leadership and performance.

The Company does not have a formal compensation program with set benchmarks. Individual compensation is not directly tied to performance goals which are based on any specific objective and identifiable measure, such as the Company's share price or earnings per share. However, the Company does have a compensation program which seeks to reward an executive officer's current and future expected performance. Individual performance is reviewed for all executive officers based largely on a qualitative evaluation of the Company's achievement of corporate milestones and objectives.

Compensation Review Process

The Corporate Governance and Compensation Committee is tasked with the responsibility of, among other things, recommending to the Board compensation policies and guidelines for the Company and for implementing and overseeing compensation policies approved by the Board.

The Corporate Governance and Compensation Committee reviews annually and makes recommendations to the Board in respect of the compensation paid by the Company to its directors and executive officers. The committee is responsible for reviewing and considering corporate goals and objectives relevant to compensation for all executive officers, evaluating their performance in light of those corporate goals and objectives, and determining (or making recommendations to the Board with respect to) the level of compensation for the executive officers based on this evaluation. In considering executive officers other than the CEO, the committee shall take into account the recommendation of the CEO.

With the approval of the Corporate Governance and Compensation Committee, the Board may from time to time engage outside advisors at the expense of the Company to assist with the evaluation of compensation of directors and officers. The Corporate Governance and Compensation Committee also reviews, and recommends to the Board for its approval any severance or similar termination payments proposed to be made to any current or former executive officer.

All compensation arrangements between the Company and any director or executive officer of the Company or between any subsidiary of the Company and any director or executive officer of the Company must be approved by the Corporate Governance and Compensation Committee.

The Board acknowledges that, as a junior natural resource company, all management compensation to date has been derived solely from cash in the Company's treasury, acquired by way of equity financings to date, and the

grant of incentive stock options to management personnel and employees. With the exception of Mr. Campbell, salary compensation to the Named Executive Officers is provided for under the Management Agreements with the Named Executive Officers' management companies (see "Employment, Consulting and Management Agreements or Arrangements" for details of such contracts). The Management Agreements have specified terms and annual base salary rates which the Company is obligated to pay, subject to the termination provisions thereunder. Upon the occurrence of certain events, the Company's early termination of the Management Agreements may also trigger additional balloon payments, which could adversely impact the Company's working capital. However, in order to provide necessary oversight and to mitigate against the risks posed by the Management Agreements, the Board has adhered to the policy of requiring all independent Board and committee members to evaluate and approve of all executive compensation arrangements and awards prior to their commitment. The Board has also adopted a policy which requires the Corporate Governance and Compensation Committee to review the terms of the Management Agreements on an annual basis. At present, the Board has determined that the current executive compensation levels are not excessive and are in line with other companies of similar stature. With respect to the longer-term component of executive compensation, options granted to executive officers under the Company's Stock Option Plan serve to align the interests of those persons with the shareholders. As options are generally priced at or above market value at the time of grant and are generally subject to vesting schedules as determined by the Board, the benefits of such compensation, if any, may not be realized by the executive until a significant period of time has passed.

Elements of Executive Compensation Program

The Company's compensation program consists of the following elements:

- (a) base salary or consulting fees;
- (b) performance bonus payments; and
- (c) equity participation through the Company's Stock Option Plan.

Base Salary or Consulting Fees

With the exception of Mr. Campbell, the Named Executive Officers of the Company are primarily compensated indirectly through consulting fees payable by the Company to their respective management companies. For the principal terms of the Management Agreements, see "Employment, Consulting and Management Agreements or Arrangements".

In determining the annual base consulting fees or salary, as applicable, the Board of Directors, with the recommendation of the Corporate Governance and Compensation Committee, considered the following factors:

- (a) the particular responsibilities related to the position;
- (b) salaries paid by other companies in the mining industry which were similar in size as the Company, at the same stage of development as the Company and considered comparable to the Company;
- (c) the experience level of the Named Executive Officer; and
- (d) the amount of time and commitment which the Named Executive Officer devoted to the Company and is expected to devote to the Company in the future.

The Corporate Governance and Compensation Committee annually reviews the base consulting fees and salary payable to the Named Executive Officers based on the aforementioned criteria to ensure that compensation levels are competitive and fair.

Performance Bonus Payments

Performance bonuses are payable in cash or through equity-based compensation, and the amount payable is based on the Corporate Governance and Compensation Committee's assessment of the Company's performance for the year. Factors considered in determining bonus amounts generally include individual performance, financial criteria (such as successful financings, project management performance) and operational criteria (such as significant mineral property acquisitions, successful mineral property exploration and development, resource growth and the attainment of other corporate milestones).

In determining to award performance bonuses, including the amounts thereof, the Board of Directors uses its discretion and takes into consideration the Company's annual achievements, without assigning any quantifiable weight or factor in respect of any particular achievement or corporate milestone.

In connection with certain milestones achieved during the 2016 financial year and in early 2017, the Board of Directors, with the recommendation of the Corporate Governance and Compensation Committee, awarded performance bonuses payable at the beginning of 2017 to the management companies of Messrs. Tsitos and Campbell. In awarding the performance bonuses, the Board considered the following significant achievements of the Company in 2016 and early 2017:

- The Company poured its first gold at the end of March 2016 and completed its first gold sale to the Guyana Gold Board in early April 2016. During 2017, the Company received \$909,097 from the sale of gold ounces from Eagle Mountain.
- In February 2017, the Company completed a fully-subscribed private placement financing for 26,233,450 units ("Units") of the Company at a price of \$0.17 per Unit for gross proceeds of approximately \$4.5 million.

Equity Participation

The Company provides for equity participation in the Company through its Stock Option Plan. See "Stock Option Plans and Other Incentive Plans". The granting of stock options is intended to encourage the maximization of shareholder value by better aligning the interests of the executive officers with the interests of shareholders.

Pension Disclosure

The Company does not provide a pension to any NEO or director.

To assist with cash flow, in December 2016, the Company obtained a six-month extension to June 21, 2017 for repayment of the Facility upon payment of an extension fee of US\$10,000 and received an additional US\$300,000 increase to the Facility that was repayable no later than two months from the date of the advance.
